INTRODUCTION

INTRODUCTION

The Index to Photographic Exploitation Products is an indexing periodical covering imagery exploitation products which were produced or received by the National Photographic Interpretation Center (NPIC) for input into the Exploitation Products Data File (EPDF) of the National Base of Imagery Derived Information (NBIDI). At the request of the intelligence community this publication is compiled and published monthly by NPIC for the use of properly cleared components of USIB member organizations. Included are imagery interpretation reports received from various components of the U.S. Army, the U.S. Navy, the U.S. Air Force, the CIA, the DIA, [   ]

25X1C

PEP is a comprehensive collection of:

- Mission Exploitation Reports

- Basic Imagery Interpretation Reports & Briefs

- Direct Support Published Reports

- Direct Support Unpublished Reports

ORGANIZATION OF PEP

PEP consists of four indices: subject in alphabetic sequence, originator in report type/number sequence, general category with subject in alphabetic sequence, and geographic coordinate sequence.

A cumulative index for each calendar year is published for the convenience of USIB member organizations. Recipients are encouraged to destroy the monthly publications upon receipt of the annual consolidation report.

UTILITY OF PEP

When interest is concentrated in specific areas, readers may wish to scan the indexes which are cross-indexed for research/reference purposes.

AVAILABILITY OF PEP AND LISTED DOCUMENTS

PEP is available to all USIB member organizations that are authorized to use it. Distribution is controlled by NPIC.

Documents listed in PEP have been placed on microfiche and are available in that form from NPIC when parent organizations are unable to provide copies.

EPDF information/document storage and retrieval services are available to answer specific requests/requirements that cannot be obtained from PEP or the annual cumulative index.

HOW TO OBTAIN PEP, LISTED DOCUMENTS, OR EPDF RETRIEVAL SERVICES

All requests for EPDF services should be channeled through appropriate liaison offices located in NPIC. Those organizations that do not maintain a liaison office at NPIC should submit the request in writing to: Chief, Requirements and Analysis Division (PPBS/RAD).
